Really good reminder that CNN's Jake Tapper didn't just peddle Russia conspiracy theories, but also "Kavanaugh conspiracy theories." And the difference in tone in how he pumped up Swetnick from what, if anything, he's said of Tara Reade's claim? YOWZA.

Spoke with a friend of mine who works in DC. He is sick to his stomach everyday he goes to work. He said democrat congress members are literally giddy with the results the virus is having on the economy. They eagerly compare unemployment and market numbers every morning in the halls, offices and over phone conferences, laughing and mocking Trump as they watch the economy he built crumble. They are actually excited about what the virus is doing to America during an election year and the opportunities it presents to go after Trump. He said that their intention is to drag the shutdown out as long as possible in order to crash the economy (Trump's strength) right before the election to make Trump look bad. He said Pelosi is ordering/threatening democratic state governors to keep their states shutdown as long as possible assuring

It's worth mentioning that multiple, anonymous twitter accounts have done more to expose the crimes of the Obama administration than CNN, MSNBC, NYT, NBC, ABC, and WaPo put together.

Really makes you think.

Trump es el primer Presidente que no es controlado por el "Deep State". Ganó la presidencia sin aceptar un donativo de nadie. Y está haciendo los cambios que hacían falta, no en pese a una prensa izquierdista totalmente hostil y mentirosa.
